Capital Fleet Solutions is a fleet management and finance specialist with a difference - our flexible approach to providing van solutions gives you and your franchises the flexibility to find the right van and set up for your needs.

Our competitive, fully-equipped van packs allow you to be ready for work as soon as the van is delivered. Or if all you need is new vans, we have the experience to get you the best deal possible.

Benefits of working with us:

Cost Savings - by using Capital Fleet Solutions, we ultimately save through our buying power, passing those savings directly onto our customers.

Getting on the Road and Delivering - we bring the vehicle directly to the workplace, work-ready, so your franchisees can start delivering as soon as possible.

Protecting Your Brand Identity - we work closely with you to make sure that franchise branding requirements are met, and that any van wrapping is great quality, promoting you all the time.

Supporting Materials - as well as a dedicated point of contact, we can also provide you with bespoke marketing materials to help your franchises understand the flexible options available.

Our experience:

We have a wealth of experience in supplying vehicle fitouts and have converted many different vehicles including Ford Transits, Peugeot Boxers, Volkswagen Crafters, Mercedes Sprinters, Citroen Relays and many more.

We're also specialists in finance, and can provide options to suit your budgets. Here are some of the products available to you:

1) **Hire Purchase** agreements allow you to hire the van and then pay an agreed amount by instalments. Once all payments have been made, you will own the van. There is no balloon payment at the end of the agreement. You can settle the agreement at any time.

2) **Finance Lease** provides the option for VAT-registered users to pay for vans off balance sheet, spreading the cost of the VAT to the monthly payments rather than requiring paying in full upfront with or without a balloon with no mileage restrictions.

3) **Contract Hire** is a leasing finance option, available to sole traders, partnerships and limited companies. It represents an agreement between two parties to lease a vehicle for a set time period (and mileage) at a fixed monthly cost.

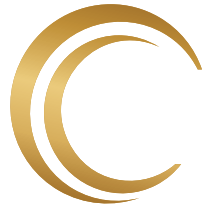

Our bespoke van packages can include:

1. A new van – make and model of your choice
2. Any specific machinery or equipment as per your industry (eg specialist machines)
3. Full range of equipment to suit your needs:
 - Ply Lining
 - Metal / Ply Shelving
 - Eye Wash
 - Fire Extinguisher
 - First Aid Kit
 - LED Roof Beacons
 - Checkerplate Flooring
 - Hand Wash Unit
 - Rear Working Lights
 - Interior Lights
 - Pipe Tubes
 - Speed-lining
 - Vehicle Wrap
 - 2nd Ply Bulkhead
 - PPE Locker
 - Night Heater
 - Amber LED Strobes

You choose what vehicle and set up you need and then we provide you with a fully personalised and bespoke quotation, including any scalable options for your franchisees.

For more information and to discuss your requirements, please don't hesitate to contact us using the details on the back page.
